Το 2007 αναμένεται να κυκλοφορήσουν μια σειρά απο Rock & Roll albums που αναμένεται να μας φτιάξουν την χρονιά.

Ενδεικτικά αναφέρω:

Pretty Things (που απο αυτά που ακούγονται θα είναι ο μάλλον ο δίσκος της χρονιάς), **Danny & Dusty**, **Mooney Suzuki**, **Kula Shaker** (Ναι έχει γίνει re-union!!) και κάποιοι άλλοι που θα τους μνημονεύσουμε άλλη στιγμή.

Σχετικά με τον δίσκο των Danny & Dusty σας παραθέτω σχετικό απόσπασμα απο την ιστοσελίδα τους στο myspace.com:

THE LOWDOWN ON DANNY & DUSTY

It was just about 20 years ago that Dan Stuart and Steve Wynn took a break from their respective ..day job.. bands (Green On Red and The Dream Syndicate) and as Danny & Dusty made the hazy, beer-soaked ..The Lost Weekend".

The album truly was recorded in one weekend with members of the Long Ryders (Stephen McCarthy, Sid Griffin, Tom Stevens) as well as Chris Cacavas from Green On Red and Dennis Duck from The Dream Syndicate. "The Lost Weekend.. ended up being a big influence on many pioneers of the Alt-Country movement and has only grown in stature in the years since.

Still, there hadn't been any seismic indication that the two California natives had any desire to repeat the experience until they found themselves both living in NYC. Upon hearing that Wynn had severely broken his ankle and was laid up at home, Stuart took it as a sign and wondered whether another record might be possible. Venturing uptown with guitar in hand, Danny found Dusty laying on the couch, watching baseball and chewing Vicodins. Surely not much had changed in two decades.

After whiling away several afternoons picking and grinning, the duo decided that another album was in order and arrangements were made to record in Richmond, VA. Local ringers Johnny Hott (House of Freaks, Sparklehorse) and Bob Rupe (Silos, Cracker) were enlisted, along with Stephen McCarthy (Long Ryders) and Chris Cacavas from the debut album.

Eclectic madman JD Foster agreed to produce. The result proves that given enough time, lightning can indeed strike twice, forging a "Cast Iron Soul" that will endure through thick and thin
